FIGHT BACK **FIGHT AIDS**
MEDS = LIFE
SILENCE = DEATH

 OUR GOVERNMENT CONTINUES TO IGNORE THE LIVES, DEATHS AND SUFFERING OF PEOPLE WITH HIV INFECTION BECAUSE THEY ARE GAY, BLACK, HISPANIC OR POOR. BY JULY 4, 1989 OVER 55 THOUSAND WILL BE DEAD. TAKE DIRECT ACTION NOW. FIGHT BACK. FIGHT AIDS.

This interactive, student-centered course will explore the many histories, triumphs and artistic expressions related to HIV/AIDS and its intersections with LGBTQ people, women, people of color and communities in the U.S. and across the world. Through seminar discussions with local leaders, artists, readings and digital media, we will explore perspectives in the fight for justice and efforts to end this international epidemic.
